Blob Arcade — Voice Recording Script

Hi grown-up! The arcade already talks, using friendly built-in voice clips (computer-generated, in `audio/voice-tts/`). Every line you record replaces that line with your voice — you can do a few at a time, in any order, and the grown-up area shows each line as "your voice", "built-in clip" or "computer voice".

The short version

1. Start with the **Record first** sections: **481 lines** (roughly 20–30 minutes). Everything else is for upcoming games and can wait.
2. Record **one line per file**, using the exact **file name** in the table (e.g. `munch_rule_make.m4a`).
3. Say it **cheerfully**, a little slower than normal, and leave a **short pause** (about half a second) before and after.

Tips

- Quiet room; soft stuff around you helps (a closet full of clothes is perfect). Fans and TV off.
- A phone voice memo is totally fine. Hold the phone about a hand-width from your mouth, a little to the side.
- Smile while you talk — kids can hear it.
- Numbers and little words ("plus", "is", "That's") get stitched into sentences, so say them in an even, middle-of-a-sentence tone — not like a question, not too final.
- Lines marked "+ number" are followed by a number clip. Say them as if a number comes next: "Munch the ones that make…".
- Made a mistake? Just re-record that one line. Nothing else changes.

Two ways to add recordings

A. In the app (easiest). Press and hold the gear (top-right corner) → answer the grown-up question → **Voice recorder**. Every line below is listed with **● Record / ▶ Play / Re-record**. Recordings are saved in that browser on that device. To move them to another device (e.g. laptop → iPad): **Export (.zip)**, then **Import** on the other device.

B. Record on your phone, send files. Name each file exactly as in the **File name** column (any of .m4a, .mp3, .wav or .webm is fine, e.g. `num_7.m4a`). Then either import them in the Voice recorder (it takes a zip or a bunch of audio files at once), or drop them into the website's `audio/voice/` folder and run `node tools/make-voice-manifest.js` (or `python3 tools/make_voice_manifest.py`) so the games know they are there.

How sentences are built

KIDS HEAR	BUILT FROM
"Munch the ones that make 7!"	`munch_rule_make + num_7`
"Yum! 3 plus 4 is 7!"	`fb_yum + num_3 + w_plus + num_4 + w_is + num_7`
"Oops! That's 5, not 7."	`fb_oops + w_thats + num_5 + w_not + num_7`
"Welcome back! What do you want to play?"	`hub_welcome_back + hub_pick_game`
"Hooray! You got 3 stars!"	`fb_hooray + fb_you_got + num_3 + fb_stars`

A sentence plays in your voice once every piece is recorded; until then it uses the built-in clips.

☐	74	fb_easier.m4a	**Let's try some easier ones!**	
☐	75	fb_detour.m4a	**Let's play one you know, then come back to this one!**	
☐	76	fb_back_now.m4a	**Nice! Now let's go back to the new one!**	
☐	77	fb_review_good.m4a	**You still remember it! Great!**	
☐	78	fb_keep_going.m4a	**Keep going!**	
☐	79	fb_new_skill.m4a	**New skill!**	
☐	80	fb_try_again.m4a	**Try again!**	

New-skill intros (Munch) RECORD FIRST (10)

Played when a new skill unlocks.

	#	FILE NAME	SAY THIS	NOTE
☐	81	skill_count10.m4a	**Find the number! Look for the number, or count the dots.**	

☐	82	skill_compare.m4a	**Bigger and smaller! Which numbers are more? Which are less?**	
☐	83	skill_add10.m4a	**Adding! Put the numbers together to see how many.**	
☐	84	skill_sub10.m4a	**Take away! Start with the big number and take some away.**	
☐	85	skill_make10.m4a	**Make ten! Find two numbers that make ten together.**	
☐	86	skill_teen.m4a	**Teen numbers! A teen number is ten, and some more.**	
☐	87	skill_missing.m4a	**Missing number! What number is hiding in the box?**	
☐	88	skill_add20.m4a	**Adding to twenty! Tip: make ten first, then add the rest.**	
☐	89	skill_sub20.m4a	**Take away to twenty! Tip: take away to ten first.**	
☐	90	skill_evenodd.m4a	**Even and odd! Even numbers make pairs. Odd numbers have one left over.**	

Colors, shapes, letters & words (new skills) RECORD FIRST (174)

Rules, letter names and picture words for the Reading & Words and Early Concepts skills. Say letter NAMES ("bee", not "buh"). Picture words: say each word on its own, clearly.

	#	FILE NAME	SAY THIS	NOTE
☐	91	rule_color_red.m4a	**Munch the red things!**	
☐	92	rule_color_yellow.m4a	**Munch the yellow things!**	
☐	93	rule_color_blue.m4a	**Munch the blue things!**	
☐	94	rule_color_green.m4a	**Munch the green things!**	
☐	95	rule_color_orange.m4a	**Munch the orange things!**	
☐	96	rule_color_purple.m4a	**Munch the purple things!**	
☐	97	rule_color_pink.m4a	**Munch the pink things!**	
☐	98	rule_color_brown.m4a	**Munch the brown things!**	
☐	99	rule_shape_circle.m4a	**Munch the circles!**	
☐	100	rule_shape_square.m4a	**Munch the squares!**	
☐	101	rule_shape_triangle.m4a	**Munch the triangles!**	
☐	102	rule_shape_star.m4a	**Munch the stars!**	
☐	103	rule_shape_heart.m4a	**Munch the hearts!**	
☐	104	rule_shape_rectangle.m4a	**Munch the rectangles!**	
☐	105	rule_shape_oval.m4a	**Munch the ovals!**	

☐	106	rule_shape_diamond.m4a	**Munch the diamonds!**
